

IARU Region 1 144MHz contest 1999

As usual, there was plenty of activity and high QSO counts for the leading stations. The multi-op section was particularly closely fought, with M0V, The Northern Lights CG (G4XUM,G4APA,G4GCM,GD0TEP & G1GEY) finishing in the lead. The single-op section was won by G4BAH operating the Martlesham DX & CG club station.

Interest in contesting clearly varies widely throughout the region. The UK has about 36,000 amateurs and 36 entries while Germany's 80,000 amateurs make over 300 entries. The Czech and Slovak Republics are more highly represented over 100 entries from only 8,000 amateurs in the Czech Republic.

It is all the more remarkable that the UK should produce the winning entries in both sections.

Steve Thompson G8GSQ A personal note:

I would like to thank all those National adjudicators who sent their results on floppy disk or by e-mail, saving much typing and avoiding transcription errors. Almost all national results, and the great majority of logs were produced on computers, yet nearly all of it was sent in printed, not electronic, form. As we embark on the 21st century, it would seem sensible to exchange a few floppy disks or e-mails rather than 10's kg of paper.
